About Integrated Diagnostics Holdings (IDH)

IDH is a leading diagnostics services provider in the Middle East and Africa offering a broad range of clinical pathology and radiology tests to patients in Egypt, Jordan, Nigeria, Saudi Arabia, and Sudan. The Group's core brands include Al Borg, Al Borg Scan and Al Mokhtabar in Egypt, as well as Biolab (Jordan), Echo-Lab (Nigeria), Ultralab and Al Mokhtabar Sudan (both in Sudan), and Biolab KSA (Saudi Arabia). With over 40 years of experience, a long track record for quality and safety has earned the Company a trusted reputation, as well as internationally recognised accreditations for its portfolio of over 3,000 diagnostics tests. From its base of 767 branches as of 31 December 2025, IDH served over 9.4 million patients and

performed more than 43.5 million tests in 2025. IDH will continue to add laboratories through a Hub, Spoke and Spike business model that provides a scalable platform for efficient expansion. Beyond organic growth, the Group targets expansion in appealing markets, including acquisitions in the Middle Eastern, African, and East Asian markets where its model is well-suited to capitalise on similar healthcare and consumer trends and capture a significant share of fragmented markets. IDH has been a Jersey-registered entity whose shares are admitted to the equity shares (transition) category (previously, the standard listing segment) of the Official List of the UK Financial Conduct Authority and admitted to trading on the main market for listed securities of the London Stock Exchange (ticker: IDHC) since May 2015.
